leave the church at 7:15. ford the lucky prize.

Every purchaser of a new Ford is entitled to Free Inspection Service for the first 1500 miles

THE modern automobile is a finely built piece of machinery and it will stand a lot of abuse. Considering the work it does, it gives surprisingly little trouble. But there isn't a car made that will not run better and longer if given proper care.

The first few hundred miles are especially important because that is when the mechanism of your car is being broken in.

Proper attention during this period will lengthen its life and prevent unnecessary trouble later on.

We are particularly interested in this matter because we believe it is our duty not only to make a good automobile, but to help the owner get the greatest possible use over the longest period of time at a minimum of trouble and expense.

With this in view, the entire Ford dealer organization has been specially trained and equipped to service the new Model A car.

Furthermore, we have instructed every Ford dealer to give the following Free

Inspection Service at 500, 1000 and 1500 miles:

Check battery
Check generator charging rate
Check distributor adjustment
Check carburetor adjustment
Check lights
Check brakes
Check shock absorber adjustment
Check tire inflation
Check steering gear
Change engine oil
Lubricate chassis

No charge is made for labor or materials incidental to this service, except, of course, where repairs are necessary through accident, misuse or neglect. The only charge is for new oil.

See your Ford dealer, therefore, and get this Free Inspection of your new car at 500, 1000 and 1500 miles. Find out, too, how little it will cost to have your car given a thorough going-over at regular periods thereafter.

A checking-up by experienced mechanics, together with oiling and greasing every 500 miles, will add months and years to the life of your car and mean more economical and pleasurable motoring every mile you drive.

You can rent a box for \$3.00 a year. Doesn't it seem foolish to leave valuable papers and articles lying about the house—at the mercy of fire or misplacement.

Don't take a chance when safety costs less than the price of a postage stamp a day. Come in and see our great steel and concrete vault. It is in charge of competent people who will be glad to show you its features. Then you can decide for yourself if taking chances is worth while.

FUNERAL IN TULARE FOR FORMER COVINA WOMAN

Prof. and Mrs. Walter Stairs returned from Tulare Sunday evening, where Mr. Stairs conducted the funeral service, on Sunday, of Mrs. Margaret Leatherman, an aunt of Mrs. Stairs.

Mrs. Leatherman was the widow of Mr. Asa Leatherman. She was also the sister of Mr. Warner Kellar and Dr. A. B. Hostetter, one of the pioneer physicians of the valley, and was the last survivor of a family of thirteen children. She had reached the ripe old age of eighty-eight, and had been a faithful member of the Christian church since girlhood.

Thirty years ago Mr. and Mrs. Leatherman and family resided on Cypress avenue in Covina, on the ranch now occupied by Mr. John Van Buskirk. They then moved to Santa Ana, and later to Tulare, where they developed a lovely country home. Four children survive their mother—the Misses Emma, Minnie and Addie Leatherman, who reside at home, and Mr. Carl Leatherman of Los Angeles.

Mr. and Mrs. George Jenks arrived home Sunday after spending six weeks visiting friends and relatives in Illinois. Part of the time they were guests of Mr. and Mrs. Glen Harnish in Chicago.

C. Callis, Mrs. Noble and Mrs. Callis occupying the rear seat. The impact was at the rear of the Nash, demolishing the interior of the car and seriously injuring both ladies. Mrs. Callis suffered a broken pelvic bone and Mrs. Noble sustained a similar injury and also had several teeth knocked out and her jaw and face badly mashed.

The Nobles were guests of Mr. and Mrs. Callis at dinner on Sunday evening and were taking a short drive in Mr. Callis's car at the time of the accident.

The Case Goes to the Jury—

A political campaign, resembling nothing that the country has experienced in the past, is drawing to a close. There has been passion evinced, much prejudice. But this is not peculiar to this campaign. Passion and prejudice enter into every act of our lives, political and otherwise.

The history-making features of this campaign lie in the presentation of the issues, and in the fact that the radio, for the first time, has carried every word spoken by the candidates to every citizen who desired to listen. And there is evidence that more citizens have listened than ever before in the history of American politics. Incidentally, the newspapers have performed the function of carrying political intelligence as never before. The newspapers and the radio, working together, have informed the public of the issues. There is no excuse worth while that the voter can devise concerning his preparation for the polls.

Now the case of Herbert Hoover and Al Smith goes to the great American jury, a political jury of something like one hundred and thirty millions of people. It does not look as if Al Smith had made out a case. It looks as if Herbert Hoover is to be the winner. In fact, if one is fair, it will be admitted that at no time has the Democratic candidate made any outstanding impression. The people are in favor of the continuance of Republican prosperity. Much as they may admire Smith for his human qualities, his undoubted ability, the people cannot afford to place their destiny in the hands of the Democratic party.

As Associate Justice Hughes said: "The issue is prosperity." There is nothing in the prohibition question. If that is ever to be changed it must come thru the action of state legislatures, not presidents of the United States. The Democratic candidate has offered nothing in the way of a plan for the relief of the farmer. The Republican candidate has not been swerved from his plan to keep government out of business, and at the same time to develop natural resources. Politicians are sorry business executives. The people know it. Al Smith's public ownership scheme may not be pure Socialism, but it is impracticable, and has been proved to be so in every part of this country.

The case is in the hands of the jury. The summary shows that the people are asked to determine whether Herbert Hoover, engineer of unquestioned ability, or Al Smith, able politician, be placed in control of the country's policies for four years. Left to their own judgment the people have always chosen the best available material. That's why we predict confidently that Herbert Hoover will be elected by an overwhelming popular majority, and by an electoral vote greater even than that of Calvin Coolidge.

Attention! VOTERS!

The Hoover-for-President Club of this valley asks you, as a purely business proposition, to aid us in continuing prosperity here by voting the straight Republican ticket on Tuesday, November sixth.

Workers in the orchards, in the stores, and all who depend upon prosperous times in order to meet obligations, are urged to heed this request as a matter of personal benefit. We believe that there is but one issue in this campaign, and that is the continuance of prosperity. All other minor issues can be settled satisfactorily if the country can be maintained on a basis of prosperity. It will be a grievous blunder if the Republican program of expansion is halted at this time.

When Your Eyes Signal "STOP!"

People would never dream of ignoring the signals of a traffic officer, or fail to heed the "danger ahead" warning, but will oftentimes pay no attention to the frantic signals for assistance the eyes send out.

Poor vision is a heavy tax on the nerves—a drawback to mental efficiency—and leads to many bodily ills.

Head the "stop" signals. Do not force your eyes into unnecessary strain. Have a thorough, scientific examination of your eyes and wear glasses if they are needed.

*The new Buick
is the new Style*

Men and women on every street--
--in every city and town--are pronouncing the new BUICK with Masterpiece Bodies by Fisher, the most beautiful automobile of the day--

Never before in the history of motor car manufacture have the motorists of America welcomed any new automobile as they are welcoming the Silver Anniversary Buick with new Masterpiece Bodies by Fisher!

Sweeping into the market at a time when motor car lines were practically standardized—when imitation was destroying individuality—these epic Buick creations introduced an entirely new mode—

A mode of body-symmetry—of size and magnificence—of soft contours instead of straight

lines—of embossed side and hood panels involving the most costly steel paneling work employed on any car in the world! And as the weeks have passed—and the full significance of Buick's achievement has become apparent to the public—enthusiasm for this car has swelled and grown to unprecedented proportions!

Buick sales records have been broken! Production schedules have been increased again and again! The great Buick plants are working to the limit of their capacity to supply the demand.

"Wings" to Play at Glendora for Four-Day Run

The greatest compliment ever given to a motion picture company by the war department has been bestowed upon Paramount for the war epic of the air, "Wings," which will play at the Glendora theater Saturday (tomorrow) Sunday, Monday, and Tuesday.

A memorial to cost \$100,000 and dedicated to the famous second division will be erected in Washington. Because of their accuracy, still pictures from the photoplay are to be used as models in constructing the huge memorial.

Paramount constructed an exact duplicate of a sector of St. Mihiel in order to obtain the spectacular battle shots which climax "Wings" and these so impressed the war department officials that they asked permission of Jesse L. Lasky to model from the stills.

"Wings" was directed by William Wellman, who was a flyer in the famous Lafayette Escadrille. John Monk Saunders, an instructor in aviation during the war, wrote the story. The cast includes Clara Bow, Charles Rogers, Richard Arlen, Jobyna Ralston, Gary Cooper, Ariette Marchal, H. B. Walthall, Hedda Hopper, Claire McDowell, El Brendel, and Gunboat Smith.

LOS ANGELES MAN RUNS MACHINE AGAINST POLE

Robert Miller of Los Angeles ran his Ford coupe in contact with a telephone pole at the point where Ben Lomond crosses the Glendora branch of the Pacific Electric track. Mr. Miller, who was returning from the Dalton dam, was coming down the hill at a high speed and made a sudden turn to avoid collision with an automobile from the Girls' Collegiate school that was parked awaiting the arrival of an electric train. A front wheel of his coupe hit the pole, throwing the car on end and turning it over into a cement ditch. Altho knocked unconscious, he was soon revived and seemingly uninjured except for a few cuts. A crowd gathered, and the car, which carried no insurance, was sold to a bystander for a trifling sum.

West Covina

The West Covina Scouts, whose work of reorganization has been impeded by the walnut school and other delays, will open their year's session with a "feed" and business meeting on the evening of Tuesday, Nov. 13, 6:30. The local committee will be guests of honor. Last year's eighth grade men have signified their intention of continuing with the troop and a fine year seems in progress. The meeting will be presided over by Senior Patrol leader Maxson, with Hicks and Drendel committee on decoration, and an eighth grade committee in charge of the cats.

West Covina school and Mill school, of the Star league, played off their speedball and volley ball games at Bassett on Thursday. Lark Ellen and Bassett played the same day at West Covina.

The West Covina migration school closed its session on Wednesday. The two teachers, Miss Evelyn Adams and Mrs. Reed, have done faithful work.

The three rooms of the grammar school celebrated Halloween with parties on Monday and Tuesday. Ghost stories and stunts caused enough cold chills to insure fun for all.

RECREATION HALL NOW OWNED BY POMONA MAN

W. S. Hoover, for twenty years a business man in Pomona, is the new owner of Covina's Recreation Hall at 125 North Citrus avenue. He purchased the business of Charles H. Steinbrink this week.

The business was owned for years by Stewart McPeake, who died recently. Since taking it over Mr. Steinbrink has built up an unusually good business, especially in the cigar trade, he said. The new owner, Mr. Hoover, has been in the cigar business for many years. Mr. Steinbrink said yesterday that he will leave shortly for a visit at his old home near Chicago.

MASONIC HOME CHILDREN ENTERTAINED AT PARTIES

The Masonic Home was the scene of two pretty parties over the Halloween season. Last Friday evening, Mr. and Mrs. Robert Simonds, house mother and father in the senior boys' home, entertained the senior boys and girls with dancing and games.

Wednesday evening Superintendent and Mrs. Downen were host and hostess to the junior boys and girls, in their home. The rooms were pretty with Halloween decorations. Games and fortune telling and dancing made a happy evening. Cider and doughnuts, popcorn balls and candy were served.

COVINA CHAMBER PLANS REORGANIZATION DINNER

The annual dinner and reorganization meeting of the Covina chamber of commerce will be held Tuesday evening, November 13, in the diningrooms of the Masonic hall, it was announced yesterday by Secretary C. M. Wood.

Ballots have been in the mails for some time, he said, and the result of the voting for the board of directors will be announced at the dinner. A good entertainment has been arranged, and several speakers on state and county matters will be heard.

I'm pickaninny,
Looks just like his poppy;
Don't know what to call him,
'Less it's Carbon Copy.

Miscellany Club Meets in All-Day Sewing Session

The Irwindale Miscellany club held an all-day meeting Wednesday with Mrs. J. H. Simpson on Cypress avenue. Thirty-one members and four guests were present. The guests were Mrs. H. M. Ireland and Mrs. Adieu of the Baldwin Park Woman's club, and Mrs. Herbert Casey and Mrs. A. B. Anderson, ladies whose names are on the waiting membership list. Mrs. Mary Brown, a charter member who has been unable to attend for some time, was present.

Eighteen crib blankets were made for the Christmas box which will go to the Los Angeles Maternity home. Plans were made for the annual dinner of the Irwindale Citrus association, in the early part of December, which the club always serves.

The committee in charge was composed of Mrs. Kathryn Lutyen, Mrs. John Bell, Mrs. Julia Heath, Mrs. Wm. Goodrich, Mrs. H. Fred Wiley, Mrs. Wells Mervin, Mrs. Clarence Smith, Mrs. F. E. Sowle, and Mrs. Loren Morrow.

On account of a special call for local charity and also sewing to be done for the David and Margaret Home, an all-day meeting will be held on November 13th at the home of Mrs. Herman Eekerman. Each lady attending will bring sandwiches and table service, as there will be no committee for this meeting.
